

WORKSHOP ON METABOLOMICS – FROM RESEARCH TO INDUSTRY

October 8, 1 pm, to October 9, approx. 1 pm, Dortmund

Prof. Dr. Dr. Alpaslan Tasdogan
Universitätsklinikum Essen & ISAS e. V.
Cancer Metabolomics: from Bench to Bedside

Dr. Jan Detmers
Doppelganger Biosystem GmbH
Tissue, Single-Cell & Spatial Energy Metabolism – a Start-up Journey

Prof. Dr. Verena Taudte
Philipps-Universität Marburg
Clinical Metabolomics

Prof. Dr. Maria Fedorova
TU Dresden
Lipidomics: from Disease Biomarkers to Molecular Mechanisms

Dr. Franziska Maria Zickgraf
BASF SE
tba

Dr. Arjen van Doorn
Roche Diagnostics GmbH
Development Journey of the Cobas Mass Spec Solution

Dr. Karl Smith
ISAS e. V.
From Pixels to Pathways: Analysing the Spatial Metabolome

DETAILS

The event is aimed at young researchers (in particular M. Sc. and PhD students) who wish to learn more about everything metabolomics can do, to either apply their knowledge to their present work or to be able to take it up in their further career. The speakers are leading researchers from science, start-ups, clinics and industry.

The event is limited to 80 participants.

Participation fee is 30 euros and includes beverages, coffee & snacks throughout the workshop. A joint dinner with all speakers is also planned for October 8, but is not included in the participation fee.

Venue is the lecture hall at the ISAS Campus location. Since the institute has two locations in Dortmund, please make sure to arrive at Otto-Hahn-Str. 6b in 44227 Dortmund. Parking is available.

REGISTRATION

Please register until September 23, 2025, via events@isas.de, subject: GBM ISAS workshop. Please also specify any allergies. If you wish to attend the joint dinner, please let us know upon your registration.
